A HAND ON A HAND

You with me, me with you, singing, laughing
dancing too
One by one, two by two, reasons to connect

Chorus

With a hand on a hand on a hand on a
hand, across the years, across this land, a
hand on a hand on a hand on a hand, we'll
reach for each other

An open hand, an open door, that's what's we're
living for
three by three and four by four, reasons to
connect

Repeat chorus

If there comes a time we must be apart, I'll reach
across the distance with the love that's in my
heart

Everywhere you will find families of every kind
from birth way past ninety nine, reasons to
connect

Repeat chorus

With a dream and a song and heart and a hand
across the years across this land, a dream and a
song and heart and a hand we'll reach for each
other, we'll reach for each other, we'll reach for
each other.
